

House Of Night Series In Order

Discovering the Vampyre World: The House of Night Series in Order

For fans of young adult fantasy, few series have captured the imagination quite like the **House of Night series**. Penned by the mother-daughter duo P.C. Cast and Kristin Cast, this sprawling saga blends vampyre lore, Cherokee mythology, and coming-of-age drama into an addictive page-turner. If you are new to the series or looking to revisit the story, knowing the **House of Night series in order** is essential for following the epic journey of Zoey Redbird and her friends. This guide will walk you through every main novel, novella, and companion book, ensuring you never miss a beat in this beloved supernatural world.

An Overview of the House of Night Universe

The series is set in a world where vampyres are real, but they are not born; they are “Marked” as teenagers. Zoey Redbird, a 16-year-old from Tulsa, Oklahoma, is Marked on the night of her birthday. She is whisked away to the House of Night, a boarding school for fledgling vampyres. But Zoey is no ordinary fledgling—she is blessed (or cursed) by the vampyre goddess Nyx with extraordinary powers and a unique connection to the elements. What begins as a struggle to fit in quickly spirals into a battle against dark forces, betrayal, and the very fabric of vampyre society.

The series grew to twelve main novels, plus several novellas and companion books. With its mix of romance, friendship, and high-stakes magic, the House of Night series became a global bestseller, translated into dozens of languages. To fully appreciate the character arcs and the overarching plot, it helps to follow the **House of Night series in order** of publication and storyline chronology.

Main Novels: The Core Saga in Order

The main storyline is divided into twelve books. Each novel continues directly from where the previous one left off, so reading them in the correct sequence is vital. Below is the complete list of the main **House of Night series in order** of publication.

1. **Marked** (2007) – Zoey is Marked and enters the House of Night, where she must navigate new friendships, a dangerous ex-boyfriend, and her emerging elemental powers.
2. **Betrayed** (2007) – Zoey faces a series of betrayals from those she trusts most, while a dark secret threatens the safety of the school.
3. **Chosen** (2008) – Zoey's relationships become more complicated, and an ancient evil rises, forcing her to make impossible choices.
4. **Untamed** (2008) – Zoey is torn between three boys and the growing threat of a rogue vampyre. She must learn to trust her instincts.
5. **Hunted** (2009) – The forces of darkness close in as Zoey and her friends go on the run, seeking refuge and allies.

6. **Tempted** (2009) – A journey to the Isle of Skye reveals secrets about Zoey’s father and the true nature of the vampyre world.
7. **Burned** (2010) – Tragedy strikes, and Zoey must face her own mortality in a desperate battle to save the ones she loves.
8. **Awakened** (2011) – The stakes reach a new height as old enemies return and the line between life and death blurs.
9. **Destined** (2011) – Zoey and her friends confront a shocking prophecy that could alter the course of vampyre history forever.
10. **Hidden** (2012) – Secrets from the past come to light, and Zoey must decide who she can truly trust.
11. **Revealed** (2013) – An ancient evil is unleashed, and Zoey must harness all her powers to prevent catastrophe.
12. **Redeemed** (2014) – The epic conclusion. Zoey faces her greatest sacrifice and the final battle that will determine the fate of the House of Night.

This twelve-book series forms the backbone of the **House of Night series in order**. Each novel builds on the last, so skipping around will spoil key plot twists and character developments.

Novellas and Companion Books

In addition to the main novels, the authors released several short stories and companion volumes that expand the universe. These are best read after you have completed the corresponding main books to avoid spoilers. Here is the recommended order for the supplementary material:

- **Dragon’s Oath** (2011) – A novella that tells the backstory of Professor Dragon Lankford and his tragic love for Anastasia.
- **Lenobia’s Vow** (2012) – The origin story of Lenobia, the beautiful and fierce horse mistress.
- **Neferet’s Curse** (2013) – A chilling look at how Neferet, the series’ primary antagonist, became consumed by darkness.
- **Kalona’s Fall** (2014) – Reveals the tragic history of the immortal warrior Kalona and his relationship with Nyx.
- **The Fledgling Handbook 101** (2010) – A companion guide written in-universe, containing rituals, lore, and insights about the House of Night.
- **House of Night: Legacy** (a graphic novel series) – Though not strictly canon, these graphic novels are based on the first two books and offer a visual retelling.

For the true fan, including these novellas in your reading experience enriches the world-building. However, if you are only interested in the core plot, you can stick to the twelve main novels listed in the **House of Night series in order** above.

Reading Chronology vs. Publication Order

One question that often arises is whether to read the novellas in publication order or chronological order. The simplest recommendation is to follow the publication order of the main series and insert the novellas where they were released. For example, *Dragon’s Oath* was published after *Awakened* and before *Destined*. Reading it at that point helps you appreciate the characters without interfering with the main narrative flow. However, if you prefer strict chronological order, you can read the

House Of Night Series In Order

novellas as prequels at any time after you have finished the main series, since they are mostly standalone backstories.

Regardless of your choice, ensure you have the main novels in the correct sequence. The **House of Night series in order** by publication is the most reliable way to avoid confusion.

Key Themes and Characters

The House of Night series is more than just a vampire story. It explores themes of female empowerment, friendship, loyalty, and the struggle between light and darkness. Zoey Redbird is a relatable protagonist who deals with typical teenage problems—boys, popularity, and self-doubt—while also shouldering enormous magical responsibilities. Her group of friends, known as the “Nerd Herd,” includes Stevie Rae, the earthy and loyal best friend; Damien, the witty and intelligent scholar; the twins Shaunee and Erin; and the mysterious Jack. Together, they represent a diverse set of personalities, each with their own strengths and flaws.

Another standout element is the series’ treatment of vampyre mythology. Instead of the traditional blood-sucking monsters, Cast and Cast reinvent vampyres as beings blessed by a goddess, with unique gifts tied to the elements (earth, air, fire, water, and spirit). The inclusion of Cherokee legends—particularly the figure of the immortal warrior Kalona—adds a layer of depth rarely seen in young adult fantasy.

Why the House of Series Remains Popular

Even years after the final book was published, readers continue to search for the **House of Night series in order**. Why? Because the series offers a complete, emotionally satisfying journey. The characters grow from insecure teenagers into powerful adults, facing loss, love, and triumph along the way. The writing style is fast-paced, with plenty of dialogue and relatable inner monologue, making it easy for young readers to engage with. Moreover, the series does not shy away from difficult subjects—death, betrayal, and sacrifice—giving it a weight that many contemporary YA novels lack.

For those who love series like *Twilight* or *The Vampire Diaries* but want a more magical, goddess-centered worldview, the House of Night series is a perfect fit. Its long-running narrative rewards dedicated readers with callbacks and evolving character arcs. Knowing the **House of Night series in order** is the first step toward immersing yourself in a world where every fledgling has a destiny.

Tips for New Readers

If you are starting the series for the first time, here are a few practical tips:

- Begin with **Marked** and read the main books in order. Do not skip any, as important plot points build upon each other.
- Keep a notepad for character names—there are many side characters, and remembering who is who enhances the experience.
- Consider reading the novellas after you finish **Awakened** to break up the series and gain deeper insight into secondary characters.
- Join online fan communities for discussions and theories—the series has a devoted fan base

that still analyzes every twist.

- If you enjoy audiobooks, the narration by actress Caitlin Davies is excellent and adds another layer of immersion.

Conclusion

The **House of Night series in order** is a journey of transformation, magic, and friendship. From *Marked* to *Redeemed*, P.C. Cast and Kristin Cast deliver a sprawling epic that has captivated millions of readers worldwide. Whether you are a longtime fan looking for a refresher or a newcomer eager to explore a richly built vampyre world, following the correct sequence ensures you experience the story exactly as the authors intended. So grab a copy of *Marked*, settle in, and let Zoey Redbird lead you through the hallways of Tulsa's House of Night. The adventure awaits.
