Introduction: Understanding The 2 7 Series By Navigators Religious Organization

In the landscape of Christian discipleship and spiritual formation, few resources have stood the test of time like **The 2 7 Series By Navigators Religious Organization**. For decades, this structured curriculum has helped believers around the world grow deeper in their faith, build consistent spiritual habits, and learn how to disciple others effectively. The series derives its name from Colossians 2:7, which encourages believers to be "rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness." This single verse encapsulates the heart of the program: to help Christians become firmly established in their relationship with Christ and equipped to pour into others.

The Navigators, founded by Dawson Trotman in 1933, has always emphasized the importance of intentional, reproducible discipleship. The 2 7 Series is one of their flagship tools, designed to take a new or growing believer through a process of spiritual development that is both systematic and relational. Unlike many programs that focus solely on information transfer, this series emphasizes life-on-life mentoring, personal application, and the development of habits that sustain a lifelong walk with God. It is not merely a course to complete but a pathway to transformation.

In this article, we will explore the origins, structure, biblical foundation, and practical impact of The 2 7 Series By Navigators Religious Organization. Whether you are a church leader looking for discipleship resources, a small group facilitator, or an individual seeking deeper spiritual growth, understanding this series can provide you with a proven framework for becoming a more grounded and fruitful follower of Christ.

The Biblical Foundation: Colossians 2:7

Before diving into the mechanics of the series, it is essential to understand the Scripture that gives it its name. Colossians 2:7 says, "rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness." The Apostle Paul uses agricultural and architectural imagery to describe the Christian life. Being **rooted** suggests stability, nourishment, and growth that comes from a deep connection to Christ. Being **built up** implies intentional construction, layer upon layer, with Christ as the foundation.

The 2 7 Series By Navigators Religious Organization takes this verse as its mission statement. Each level of the series is designed to help participants become more deeply rooted in their identity in Christ, more solidly built up in their understanding of the faith, and more consistent in living out their beliefs. The result is not just knowledge but a life that overflows with gratitude and bears fruit for the Kingdom. This biblical anchor gives the series a theological depth that many modern curricula lack.

By focusing on being rooted and built up, the series avoids the pitfalls of superficial Christianity. It does not aim to produce believers who simply know a lot of facts but rather disciples who have internalized the truth of the gospel and are equipped to pass it on to others. This aligns perfectly with The Navigators' core value of "generational transfer," where each believer is called to invest in the next generation of disciples.

The Structure of The 2 7 Series

Overview of the Three Levels

The 2 7 Series By Navigators Religious Organization is typically organized into three main levels, each building upon the previous one. While the exact content may vary slightly depending on the edition or context, the progression is consistent. Level 1 focuses on the basics of the Christian life, including assurance of salvation, quiet time habits, and the importance of Scripture. Level 2 delves deeper into the character of God, the work of the Holy Spirit, and the dynamics of prayer. Level 3 emphasizes witness, ministry, and how to disciple others effectively.

This tiered structure ensures that participants are not overwhelmed with advanced concepts before they have mastered the fundamentals. It also allows mentors to guide individuals at their own pace, providing flexibility while maintaining a clear pathway forward. Many churches and campus ministries have adopted this series as their primary discipleship curriculum precisely because of its logical progression and proven effectiveness.

Level 1: Foundations for New Believers

The first level of The 2 7 Series By Navigators Religious Organization is designed for those who are new to the faith or who want to strengthen their basic spiritual disciplines. Topics covered typically include:

- Assurance of salvation and security in Christ
- How to have a meaningful daily quiet time
- The importance of Scripture memorization for spiritual growth
- Learning to pray with confidence and consistency
- Understanding the local church and the importance of fellowship

Participants in Level 1 are encouraged to meet weekly with a mentor or in a small group to discuss the material, share their experiences, and hold each other accountable. The emphasis is on **building habits** that will sustain a lifelong walk with God. By the end of this level, a new believer should feel confident in their salvation, comfortable spending time with God daily, and equipped to begin sharing their faith with others.

Level 2: Going Deeper in Relationship with God

Once the foundations are in place, Level 2 of The 2 7 Series By Navigators Religious Organization helps participants move beyond the basics into a more mature understanding of the Christian life. This level often includes studies on:

- The attributes of God and His character
- The person and work of the Holy Spirit
- How to experience God's love and grace more deeply
- Developing a robust prayer life that includes listening to God
- Overcoming common struggles such as doubt, fear, and temptation

At this stage, participants are encouraged to take more ownership of their spiritual growth. They may begin to lead discussions, share what they are learning with others, and take on small serving roles within their church or ministry. The goal is not just personal growth but also **preparation for service**. Level 2 helps believers transition from being consumers of spiritual content to being contributors to the body of Christ.

Level 3: Equipped to Disciple Others

The final level of The 2 7 Series By Navigators Religious Organization is perhaps the most distinctive. Here, participants are trained to become disciple-makers themselves. The focus shifts from personal growth to multiplication. Key topics include:

- How to share your testimony and the gospel clearly
- How to initiate and maintain discipling relationships
- How to help others establish their own spiritual disciplines
- Understanding the Great Commission and your role in it
- Developing a vision for reaching your community and the world

Completion of Level 3 does not mean the end of the journey; rather, it marks a new beginning. Graduates are encouraged to find someone to disciple, using the same materials and approach that helped them grow. This creates a beautiful cycle of multiplication that can impact families, churches, and entire communities. The emphasis on reproducibility is one of the hallmarks of The 2 7 Series By Navigators Religious Organization and a key reason for its lasting influence.

The Role of Mentoring in the Series

One of the most important features of The 2 7 Series By Navigators Religious Organization is its reliance on relational mentoring. The series is not designed to be completed in isolation. Instead, it assumes that participants will work through the material with a more mature believer who can provide guidance, encouragement, and accountability. This one-on-one or small group dynamic is essential for several reasons.

First, mentoring allows for **personalization**. A mentor can adapt the material to the specific needs, questions, and struggles of the participant. Second, it models what spiritual growth looks like in real life. Participants can see faith in action, ask questions in a safe environment, and receive prayer and support. Third, mentoring creates a natural pathway for reproduction. As participants learn how to be disciplined, they also learn how to disciple others. This relational approach sets The 2 7 Series apart from many other resources that are purely content-driven.

The Navigators have long believed that spiritual growth happens best in the context of relationships. The 2 7 Series By Navigators Religious Organization embodies this conviction by providing a structure that facilitates intentional, life-on-life investment. For mentors, the series offers a clear roadmap and ready-made materials, reducing the intimidation factor and increasing the likelihood of success. For participants, it offers a trusted guide on the journey toward spiritual maturity.
